

***A Family Tradition  
for over half a century!***

We are a full service outfitting business and pride ourselves on being able to set up the type of trip that you will enjoy and want to repeat in future years.

Ours is a family-owned and operated business that was started in 1947 and now involves the third generation.

Our services are geared primarily for the family-sized group, but we have handled groups of over 40 people. Our Ranch is located on Southside Road, 5 miles west of Superior, Montana. We have a beautiful view of Sheep Mountain, and are less than 2 miles off of Interstate 90. From here, we operate on the Clark Fork River, Lolo National Forest, and private ranch land.

Whether your are looking for relaxing accommodations for some downtime, or want to jump feet-first into a Western adventure, Rugg's Outfitting can tailor-design a vacation package to meet your desires!
